# Kata Time!

1. Split into groups
2. Learn rules
3. Get katas!

120minutes

# Kata Rules

- The katas are deliberately vague and contain ambiguities
  - like problems in real life
- Make assertions based upon your knowledge of the problem
  - as if you were in real life
- Gwen and Lee are your POs, DevOps team, Stakeholders, UX team, etc.
  - ask them questions to resolve ambiguity
- Use the AI Building Blocks doc site
  - as in real life
- Ask ChatGPT/Anthropic if you have questions about a technology
  - as in real life
- Do not ask ChatGPT/Anthropic questions like "Design a system for this kata"
  - ...
